

InsuranceCloud Solutions Partner Program

Providing insurers with the choice of cloud delivery

No two insurers are alike, and each has its own approach to business and technological transformation. That's why Guidewire is offering the Guidewire InsuranceCloud™ Solutions partner program—to give insurers the choice of cloud deployment.

The InsuranceCloud Solutions partner program provides insurers with unique solution packages that combine Guidewire products for mission-critical core operations, digital interactions with customers and agents, and improved decision-making capabilities, with complementary software and related services that are designed and delivered by a select group of world-class Guidewire partners.

By choosing to participate in the InsuranceCloud Solutions partner program, you can reap all of the benefits of the Guidewire platform—including improved customer and agent engagement, lowered operating costs, and the ability to grow your business—while also enjoying rapid deployment and cost-effective hosting in a secure, scalable, and proven environment.

Leverage the InsuranceCloud Solutions partner program to:

- Reduce implementation timeframes
- Lower total cost of ownership (TCO) through solution conformance, and uniform support and maintenance
- Increase flexibility for deploying IT expertise

Guidewire InsuranceCloud Solutions Partners

Guidewire InsuranceCloud Solutions partners have been selected for their in-depth knowledge of property and casualty insurance, Guidewire technology, and complementary third-party products—as well as for their expertise in managing production environments. Each InsuranceCloud Solutions partner delivers

GUIDEWIRE INSURANCECLOUD SOLUTIONS PARTNER PROGRAM

With the Guidewire InsuranceCloud Solutions partner program, insurers can combine the benefits of the Guidewire platform—including improved customer and agent engagement, lowered operating costs, and the ability to grow business—with rapid deployment and cost-effective hosting and management.

EY iNEXUS

EY iNexus delivers Guidewire InsuranceCloud Solutions designed to lower total cost of ownership and increase market agility.

cloud solutions that combine Guidewire products with their own differentiated content and services, in addition to correlative third-party systems. InsuranceCloud Solutions may be hosted by the InsuranceCloud partner, or by third-party, best-of-breed cloud providers.

InsuranceCloud Solutions partners deliver pre-integrated, pre-configured content with high levels of required conformance, which can significantly reduce implementation times. By working with an InsuranceCloud Solutions partner, you can also save on IT education, implementation, and maintenance costs.

Look to InsuranceCloud Solutions partners if your goal is to:

- Execute large-scale IT projects without hiring additional IT staff
- Expand quickly into new markets

EY Insurance Nexus

EY, a trusted Guidewire InsuranceCloud Solutions partner, is collaborating with Guidewire to offer insurers EY Insurance Nexus™, a unique combination of Guidewire products and third-party solutions that is managed by EY and hosted in the cloud.

ABOUT EY

The global EY organization is a leader in assurance, tax, transaction, legal, and advisory services. We leverage our experience, knowledge and services to help build trust and confidence in the financial markets and in economies all over the world. We are ideally equipped for this task — with well trained employees, strong teams, excellent services and outstanding client relations. Our global mission is to drive progress and make a difference by building a better working world — for our people, for our clients and for our communities. For more information, please visit www.ey.com.

* Functionality provided as part of cloud solution. Actual vendor is abstracted from client and can change.	
** Includes Rating and Reinsurance.	

Integrations and Configurations

EY delivers a complete set of core solutions and more than 90 integrations. Insurers configure their products, underwriting rules, rating algorithms, forms, documents, bill plans, delinquency rules, and their own integrations with payment systems and legacy and accounting systems.

Hosting Environment

EY Insurance Nexus is managed by EY and hosted in the cloud using EMC's Virtustream®, which provides hosting in EMC data centers that ensure physical and logical isolation of infrastructure, as well as personnel security. The hosting environments adhere to all compliance and security regulations mandated by the geographies.

Each client has a separate instance ("single-tenant solution"), allowing high flexibility for each client and enabling client data segregation.

Uptime

Uptime can be guaranteed up to 99.99 percent, based on insurer requirements and support levels.

Support

EY manages all escalated (Level 2 and above) support, and routes escalations to EY teams, all third parties, and Guidewire if needed. Insurers always have the option to contact Guidewire directly.

Product Upgrades

Regular point releases, software patches, and two major releases are included in the offering (assuming a 10-year contract is in place).

About Guidewire

Guidewire delivers the software that Property/Casualty (P/C) insurers need to adapt and succeed in a time of rapid industry change. We combine three elements – core processing, data and analytics, and digital engagement – into a technology platform that enhances insurers' ability to engage and empower their customers and employees. More than 200 P/C insurers around the world have selected Guidewire. For more information, please visit www.guidewire.com and follow us on twitter: @Guidewire_PandC.
